Assistant Professor of Microbiology, Tenure-Track Immunology Faculty Position (#67180). $95,000 to commensurate. The Department of Microbiology at the University of Iowa invites applications for a tenure-track immunology faculty position at the Assistant Professor level. This tenure-track position includes a 12-month salary, benefits, competitive start-up package, and modern laboratory facilities. Successful applicants are expected to establish and maintain an extramurally funded research program. Although all areas of immunology will be considered, we are particularly interested in individuals employing cutting edge technologies to address cellular or molecular issues of innate immunology and/or host responses to pathogens in human or experimental models. The appointee will also be expected to participate in departmental teaching activities, and in activities associated with pre- and postdoctoral NIH training grants and the Center for Immunology and Immune Based Diseases.

Requires a Ph.D and/or an M.D. in Microbiology, Immunology, or related basic science.

The following experience is required:
- Postdoctoral experience in immunology research.
- Evidence of the potential to develop an independent externally-funded research program.
- Publications of articles dealing with immunology in high impact journals.
- Evidence of the ability to teach immunology and microbiology at the graduate and undergraduate level.

The following experience is desirable:
- Evidence of employing cutting edge technologies to address cellular or molecular issues of innate immunology and/or host responses to pathogens in human or experimental models.
- Evidence of success in application for research funding during graduate or postdoctoral studies.

Applicants must submit a CV, letter of interest, and description of research plans via the website at http://jobs.uiowa.edu/ on Requisition #67180. In addition, all candidates should have at least three letters of recommendation sent to Search Committee 67180 at microbiology-hr@uiowa.edu. Review of applications will begin immediately and will continue until the position is filled. Anticipated start date is flexible. A criminal background check and degree verification will be conducted on top candidate prior to employment.

The University of Iowa is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.
