Exploring Primarily Undergraduate Institutions – Career Panel & Networking Reception

Friday, October 24, 2014, 1117A University Capitol Centre (UCC) – Last call, register soon!
Panel: 3:30-4:45, Reception: 4:45-5:30

Join us to meet and talk with current faculty from a few of Iowa’s Primarily Undergraduate Institutions. They chair departments and/or have served on faculty search committees. They can offer advice and answer questions about experiences on their campuses – search process, establishing a lab, and balancing it all with teaching commitments. Afterwards, continue the conversations at a networking reception with the panelists.

Panel Moderator: Madeline Shea, PhD, Professor of Biochemistry, University of Iowa
Faculty Panelists:
  Matthew Henry, PhD, Chair and Assoc. Professor of Physiology & Pharmacology, Des Moines University
  Adina Kilpatrick, PhD, Assistant Professor of Physics, Drake University
  Shannon Mackey, PhD, Chair and Assoc. Professor of Biology, St. Ambrose University
  David Speckhard, PhD, Professor of Chemistry, Loras College
  Cindy Strong, PhD, Professor of Chemistry, Cornell College

Register by Monday, October 20th – http://tiny.cc/exploring-PUI-STEM
