Functions of an alternative Replication Protein A complex in cellular DNA damage repair

Ran Chen
Graduate Student
Wold Lab
Biochemistry
University of Iowa

Replicative Lifespan Extension in Yeast is Non-Cell Autonomous

Samuel Trammell
Graduate Student
Brenner Lab
Biochemistry
University of Iowa

Tuesday, November 6, 2012
12:30 PM
Seebohm Conference Room
283 EMRB

Host: Xun (Allison) Chi

Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires an accommodation in order to attend this program, please contact the Biochemistry Department in advance at 335-7932 or email biochem@uiowa.edu.
