The development of type 2 diabetes in youth: a growing challenge

Sonia Caprio, MD
Professor of Pediatrics
Pediatric Endocrinology
Yale Medical School of Medicine

12:00 Noon
Wednesday, May 1, 2013
1289 CBRB (Kelch)

A light lunch will be served

Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest.

EDUCATIONAL OBJECTIVES: Upon completion of this course, participants should be able to describe the mechanisms of diabetes, obesity and related disease processes; effectively evaluate research findings; and provide insights and applications relevant to the diagnosis and treatment of diabetes, obesity and related diseases.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact the Office of Scientific Affairs in advance at (319) 335-8587.
